South Peace Oilmen's Full-Year Bursary 2016-17

For children and youth under 19 years of age

PURPOSE: The South Peace Oilmen's Association has provided funds for two full-year bursaries in DCCS youth programs in order to address economic needs in our community and enable accessibility to academic extracurricular programming. These are needs-based awards and recipients will be sponsored for the duration of the 2016-17 choir season. The study of music is proven to be beneficial in cognitive development, particularly in literacy, mathematics, and social sciences. Singing and performing as a group releases healthy endorphins and increases positive brain activity while fostering teamwork and collaborative group effort.

OUR CHOIR PROGRAMS: DCCS music programs focus on musical enrichment and skills enhancement pertaining to reading, performing, and understanding vocal performance. We believe in exposing students to a wide variety of musical styles, and our choirs regularly perform in public. Our youth programs include Piccolo Children's Choir (ages 5-7), Children's Chorus (ages 8-12), Youth Choir (ages 12-18), and Musical Theatre (ages 8-15). We also have a Community Singers group for ages 16 and over. ***Registration is now closed for Musical Theatre for this season***
